

Cornelia J. Micko

EMPLOYMENT

Senior Histologist
Saint Joseph's Research Institute
Saint Joseph's Hospital
Atlanta, Georgia 2009-Present

- Perform routine and specialized histological techniques
- Write and revise SOPs for paraffin and frozen techniques
- Train and supervise new laboratory personnel
- Optimize new techniques
- Review and revise histology section of new protocols
- Maintains a GLP compliant laboratory

Senior Histologist/Archivist
Saint Joseph's Research Institute
Saint Joseph's Hospital
Atlanta, Georgia 2004-2008

- Perform routine and specialized histological techniques
- Write and revise SOPs for paraffin and frozen techniques
- Performs Histopathology imaging and scoring
- Performs Project Manager's duties
- Archivist for the GLP and non-GLP Archives
- Maintained a GLP compliant laboratory.

Senior Histologist/Archivist
American Cardiovascular Research Institute
Norcross, Georgia 2000-2004

- Set up Histology Laboratory.
- Managed Histology Laboratory
- Performed routine and specialized histological techniques.
- Processed, sectioned and stained tissue embedded in plastic resin.
- Set up vendor accounts and ordered supplies for the Histology Laboratory.
- Archivist for the GLP and non-GLP archivist.
- Maintained a GLP compliant laboratory

Research Specialist III
Emory University
Atlanta, Georgia 1993-2000

- Performed routine and specialized histology techniques for light and electron microscopy.
- Maintained cell culture lines.
- Performed molecular biology techniques i.e.
- PCR, InSitu Hybridization, RNA extractions & Gel chromatography.
- Set up and monitored lab actives.

**Senior Histology Technician
Barnes Hospital
Saint Louis, Missouri**

1978-1987

- Performed routine and specialized histology techniques for light and electron microscopy.
- Mohs' technician i.e. cut frozen sections for Mohs technique
- Set up Mohs laboratory
- Instructed patients in regard to Mohs' surgical procedure and wound care.
- Supervised and trained new personnel

**Senior Research Technician
Washington University
Saint Louis, Missouri**

1971-1978

- Set up laboratory.
- Maintained numerous tumor cell lines.
- Trained and supervised new personnel.
- Managed laboratory activities.

**Senior Research Technician
Columbia University
New York, New York**

1967-1971

- Prepared all slides for Neuropathology's
- Prepared class set and organized wet lab sessions for first year medical students.

Neuropathology Technician
Washington University
Saint Louis, Missouri

1964-1967

- Performed all Neuropathology and routine pathology procedures including special stains and silver stains.
- Extensive experience in cutting frozen sections.

EDUCATION

University of Missouri at Saint Louis

- B.A., Psychology 1984

Snodgrass School of Laboratory Medicine
Saint Louis, Missouri

Registered Histology Technician HT(ASCP) 3326, 1967

INTERESTS

Founding member of **The Saint Louis Society of Histotechnicians**

- Chaired the Scientific Committee for the first 2 years.
- Presented at various workshops in the region
